London

1st March 1826.

Gentlemen,

His Majesty having been graciously pleased to grant to the Royal Society two Medals to be awarded annually for the most important Discoveries which may have been made in the year preceding the Distribution of them, and it being determined that His Majesty's Effigy should form the Obverse of the said Medals; we have to request, that you would consider what subject would form the most appropriate Reverse of these Medals; and also that you would be kind enough to favor us with a Sketch of the Design which you may propose.

We are Gentlemen

Your Obedt^l Servants

Robert Peel.

Signed

Charles Long.

To
Sir Thomas Lawrence
&
J. L. Chantrey, Esq^r
