Admiralty May 10th 1779

Lord Sandwich has the honour to enclose to your Majesty a letter just recieved from Loyds Coffeehouse.

Lord Sandwich & admiral Digby wish to know whither they understand your Majesty right, when they suppose that you mean that Mr Waddington now Chaplain of the Ramillies, should be appointed Chaplain of the Prince George.

Admiral ~~chuses~~ Digby chuses to continue in the Prince George rather than move into a first rate.
