My Dear Sir,

I enclose for your
perusal a letter which I received
this morning from Sir John
Simon and the Draft signed
by us both for the £6570. 19.
If any thing ^{is} ~~is~~ ^{to be} ~~to be~~ ^{done} on the letter
you will have an opportunity
of seeing Sir John Simon
in the course of this week

I also beg to mention
Charles Beckwith Esq. the
Secretary

Copy of a Letter from Mr
Stall & the Abstract of Mr
Ker's Letter therein referred to.

I am, Sir, very
Very faithfully
Yours

W. Bayly

Very return to John Ker's
Letter.

Copy Mr. Walker's Opinion,

"I have perused this Abstract on behalf of Mr. Hunter
As to the Copyhold mesuages p^a 1. The legal estate of
the Copyhold is outstanding under the Will of Mr. Appleby
In other respects the Copyhold title seems to be satisfactory
As to the piece of Waste p^a 5. There does not appear
to be any Title. —

As to Louers Close p^a 6. a legal estate in tail male
in the Copyhold is outstanding in Lord Essex. —

As to the Site of the mesuages late Martha
Robothams p^a 15. It sh^d appear how James Baker
acquired the fee, and that he died intestate, and there
sh^d be evidence that William Baker was the Customary
heir of James. —

As to the Site of the ^{Dwells} house late Viscountess Sewins
p^a 17. The title seems to be satisfactory. —

As to the piece of waste p^a 19. It sh^d appear
that the grant was warranted by the Custom of the
Manor. —

As to the Site of the mesuages late Mary Joy's
p^a 21. — There sh^d be evidence that Thomas Russell
died intestate leaving David Russell his Customary heir
and the estates of Mary Joy's Children being contingent
when they surrendered, the Title is objectionable. —

As to the whole page 23. —

It sh^d appear that an Offer was made to his
Majesty, and the part conveyed in 1807 did not
pass by the Will of Mr. Hunter which is dated
* Towning path

in 1804 - and it shoud be stated whether Mrs
Maud is living or dead -

As to the part of Mattingshaws Aylet pa 34.
The Lifors title shoud be shewn, But I do not think
it passed by the Devise above stated -

As to the 28. Rods pa 35.

It shoud appear how the Honble Henry Hobart &
others became seized -

And the like as to the 18. poles pa 39. -

And with respect to the Mortgage on Broulford
Aylet pa 44. - I think it is to be treated as part
of the Hunters personal estate -

From the above observations it will be seen
that a marketable Title cannot be made -

Signed "Wm Walker"

Sir

I beg leave to represent to you the delapidated state of the Upper part of the Campshut opposite the new Palace at New occasioning at present serious inconvenience and even danger to the Towing horses both which are likely to increase as the Campshut gets worse & the winter waters occasionally cover it — when the embankment supported by the Campshut in question was made it was of course expected that it would always be kept in good repair at His Majesty's expense which I beg Sir your early endeavours how to realize before any serious accident happens or a larger expense becomes unavoidably necessary
