Ld North has the honour
of informing his Majesty that knowing
as he thought it his duty communi-
-cated to had Bathurst the attorney
General's message, he find^s him
very honourably determined at all
events to accept, if he remains in
office but a week; his appoint-
-ment not being the object of the
attorney's displeasure, & he being

informed fully of the situation of
Government, Sir North thinks there
can be no ^{objection to} difficulty in joining in
with that part of the arrangements
& appointing Sir President this
morning.

Having done
