My dearest Son. At the request of a  
Dying Father of 4 Children, I cannot refuse  
to take up my Pen to recommend ~~the~~  
the Eldest Son of Louis Albert to Y<sup>r</sup>  
Protection. He has a small place at the  
Tower ~~and~~ which by having free Board  
at His Fathers House will just keep Him  
clean, but if the Father Dyes, He must  
starve. Could You without being put to any  
inconvenience place Him any how it would  
be a charity to them & a Blessing to You.  
He bears a good Character, makes a good  
Son & Brother, writes a good Hand, Understands  
French & has of late begun to learn German.  
I have You <sup>must be</sup> provided with almost every

body & it almost goes against me to Name  
 any new Parson, but the Situation of this  
 Family is such, that the 5 Daughters must  
 to a certain Degree all Fall to my share  
 when the Father Dyes which is to be  
 expected very soon for all the Phy-  
 cians agree he cannot recover.

I hope  
 most in the  
 the 30<sup>th</sup> O.K.  
 1794.

I have already set about this  
 Morning buying Linnen & Petticoats, & ordy  
 Mr V<sup>g</sup> to be here on Tuesday Morning  
 with Plain Silks, & Mrs Barber & the  
 agreeable Nonnis with all kind of Mus-  
 lin Dresses. so that I think with Mrs  
 Gordon on Monday & the others on  
 Tuesday we shall settle a great deal.
