

The Queen  
to  
The Prince Regent

D<sup>y</sup> 2. 6. 1811

GEORGE III  
36565

My dearest Son. The News which Your Letter conveyed to me, are so entirely correspondent with my own Feelings, that it is quite Impossible for me not to rejoice in the Steps You have taken, in not going Personally to the House of Lords. As to the Situation in which You are placed, arising from so melancholy a Circumstance, I am sure that Your own Feelings are such as do Honour to Your Heart, & I quite agree with You my dearest Son, that neither Splendour nor State can accord with Your <sup>present</sup> Sentiments in any way particularly on this occasion.

In return You thank for the Attention of Your Letter, & believe me, that no Body can feel it more strongly than

My dearest Son

Windsor  
the 8<sup>th</sup> Feby.

Your ever Affectionate Mother  
& Friend.  
Charlotte
