My dearest Son. Nothing can equal the joy
~~with~~ which the Commission I was intrusted with
 for the King has occasioned; He desired ^{me} that
 to return You his Thanks, for having employ'd
 me to convey such agreeable News, & to assure You
 that He never could forget Your conduct
 upon this occasion. these are His own words
 & I thought them so expressive, that I should
 feel doing Him injustice by not making use of
 them.

I can not but seize this opportunity of Congra-
 tulating You upon being the Instrument of restoring
 yr Brother again into a Situation out of which
 He was drove in so ungracious a manner, we all
 feel most happy upon this occasion, but none more
 Sincerely so than

My dearest Son

Your ever affectionate & loving
 & friend
