My dearest Son. Having just received an account from Madras that Sr Thomas Strange is lively to return to England, I am requested by Sr John Newbolt to apply that He may be advanced to His Situation, as perhaps a Younger Person than Himself, being named, may prove disadvantageous to Him. — The present Lord Chancellor as well as Lord Erskine, always befriended Him, & will I am sure give You a satisfactory account of Him & His Abilities.

I beg pardon for this trouble, but as those places ~~are~~ can not be long without being filled up, I thought it at least but justice to Him to be early in my application.

I rejoice to hear Your are better & Flatter myself to hear very soon of Yr perfect recovery.
