My Dearest Son. I rejoice to receive such good accounts of Your Amendment and live in great expectation of S^r H. H. being able to confirm it to Night by Word of Mouth which will give great Satisfaction to all the Sisterhood & not less so to Myself.

I am informed or rather it is reported that Col^l Baillie is to go abroad upon Service which would if true make some alteration in the London Staff, if so I should be very happy if You could Favor my God Son Col^l Campbell to succeed him Perhaps Your Speaking to the Duke of York may insure him Success.

I am desired by the Onslow Family
to recommend to Your Favour M^r Manning
Onslow Lord Cranley's Youngest Son who by
Loss of His Health in the Service of his
Country was obliged to give up his Profession
& to retire with so small a Patrimony, that
He can scarcely live, any place of Esquire
Groom of the Bedchamber, about 2 or 3
Hundred a Year when an opportunity
occurs would I believe make the Family
happy: This last was an application I
could not refuse & therefore I coupled
it with my own wishes.

Believe me most Sincerely

Windsor

The 2^d March 1814.

Your affectionate Mother
& Friend

Charlotte
