I put Private upon the Letter, it would be a pity the friends of this should transpire.

My dearest Son. I do not mean to take up much Time of the little left for You to enjoy without Business, as that would be cruel indeed, These few lines are only to Inform You that I send off to Day four of the Finest Smoked Geese just arrived I ever saw, they must be Eat raw as of course Peck or Patua will know, and if they are Boiled must be done very slow but are never so good, they come straight from the Island of Bürgen the most famous place in all Europe for this Delicacy - I hope You will find them to Your Taste and Eat the Health of

Windsor
