My dearest Son. After receiving so kind
a Letter & so affectionate a proposal from
You to put off the Drawingroom untill the
20th of next Month I should be very un-
gratefull not to avail myself of it & to
accept it with more than common pleasure
as I regard it as a proof of your affection
for me of which none can be more sensible
than I am & tho my Pen cannot express
My Feelings of my Heart yet believe Me
they are deeply Engraved in my Heart.

Between this & the Court Day I mean
by the advice of Sr H. H. to make an
apparition in Town to convince the world
that I ^{am} really better tho not quite so well

able

to stand which I hope I shall soon be able
to do.

The Idint as well as many others
who partook of Your Entertainments
all agree that nothing could be more
delightfull nor go off better adding to
their account that You look'd very well
& were very pleasurfull in this State I
Hope soon to see You when Business
will admit of it & when You may be sure
of receiving a hearty welcome from

My dearest Son
