

Ld. Stourmont

3757

St James's March 29. 1780

The List I have prepared for
your contents a full account of my
conversations with Count Welden. I did
not give him the least reason to
expect any alteration in your Majesty's
resolution, but would not refuse
to take the Memorial to your Majesty
as that might have appeared harsh,
and might have laid it Welden
under Personal Difficulties.
