Admiralty April 10th 1780

Lord Sandwich to the King

Lord Sandwich has the honour to send to your Majesty a disagreeable account of the mutinous behaviour of the seamen on board several of the ships of Admiral Graves's Squadron, in which the said admiral seems to have behaved in a very proper & officer like manner.

A messenger is gone to Sir Thomas Pye with orders to take every proper measure to quell the mutiny on board the *Invincible*, & to bring the ringleaders to Justice: your Majesty will observe that the men on board the other ships are all returned to their obedience.

Lord Sandwich encloses a copy of the orders sent to Sir Thomas Pye.
