Queen's House April 14th 1750
27
4. 1/2 8. A.M.

The Division last Night for rejecting Mr. Crewe's Bill
shews an inclination in the House of Commons of again viewing
matters with some discussion. I hope this will prove a just
remark by the same propriety of conduct in the other
Bills now before that House. The Account of the Day
before came in another Book at the same time as
that of last Night.
