

Ld. Loughborough to Capt. Payne (first part
missing)

38364

I shall try to discuss the serious *Aspiclus* that
arise out of so singular a state with those whose
experience judgment & fidelity I know & write
to your office, if you will direct whoever you send
to call here for letters. I wish even to avoid
the appearance of sending into Pall mall.

I ever am, My Dear Payne,

Monday
4 o'clock,

Yours most entirely
Loughborough
