

My Lords & Gentlemen

I thank you for communicating to me the Resolutions agreed to by the two Houses & I desire you will assure them that The Conviction of the evils which may arise to the King's Interests to the Peace & Happiness of the Royal Family & to the Safety & Welfare of the Nation from the Government of the Country remaining longer in its present maimed weakened & debilitated State outweighs in my mind every other Consideration & will

determine me to under-
take The Weighty and
Important Trust pro-
posed to be invested in
me As soon as an Act
of Parliament shall
have passed for carrying
the Resolutions into
Effect.
