Sir

I was acquainted with every
circumstance, which your Royal
Highness has condescended to
mention, when I troubled you
with a letter last night —
I confess myself much hurt
that no communication has been
made to me of an arrangement
of some moment at least to
an absent brother especially
if your Royal Highness has
so lately allowed me to correspond
with you on the subject of my
views and that you assured
me by letter, he should remain in
quiet possession of the office
which he now holds — Yours

Royal Highness, will allow me to
add, that if You are unatte-
rably decided by any recent
circumstances to change your idea,
I shall exceedingly regret, that
You have withdrawn an obligation
to which ^{from} my family am not conscious of our
having forfeited any claim —
As my Brother is absent on
the public services, it is impossi-
ble for me to say what his
feelings may be on finding him-
self only a supernumerary officer
on your Royal Highnesses esta-
