

H. H. bhd North

Should precede 3956

3957

St. James's Sept. 20. 1740  
m  
20. P. S. Sh.

It is very natural & that Lord North's affairs in the West  
should require his presence; I therefore wish him  
a good journey; but hope he will order the titles  
and precedency of the new Peers to be sent to the  
Secretary of State, for want of which the Warrants  
are not yet prepared for my signature authorizing  
the preparation of the Patents
