Sir

I would not delay sending this Letter to  
Your Royal Highness, because I am afraid It will not  
be possible for me to reach Canterbury from Cambridge  
before as early as the arrival of the Post; But as It was  
His Highness's Intention that I should have delivered it myself  
to G. R. H., I shall have the honour of waiting upon you  
in the course of the Morning.

I have the honour to be, Sir

Your Royal Highness's

Most faithful & devoted

Servant

Loughborough
