Sir

It is with infinite reluctance,  
after the severest struggles that I now presume  
humbly to address this Letter to your Royal  
Highness. The Situation in which I find myself  
compels me to it. That Situation your Royal  
commanded me to submit to you by a gracious  
message to me some time since by Coll. M Mahon  
signifying your pleasure to have a Statement

of all the Circumstances attending me in the  
Station which I had the honor to hold under  
your gracious Favor.

The Difficulties which have arisen to  
me from so large a Deficiency have increased  
into Embarrassments so severe & so pressing  
upon myself & my Family, both in the present  
& the future, that it is become an indispensable  
Duty to lay the same with all submission at  
your Royal Highness's Feet for your considera-  
=tion; and I know too well the generous  
Feelings of your Mind not to be assured of  
the impression it will receive.

Pardon, Sir,

I entreat, the Anxiety of this Representative  
and permit me to subscribe myself

Sir

Your Royal Highness's  
most attached

and devoted Servant
