

H. No. to Lord North.

3987

Queen's House Oct. 30th 1780.
33. p. 10. P.M.

The two letters transmitted by Lord North, though they contain nothing for deliberation, yet they seem to convey a desire of Peace in the Court of France which certainly has no other Foundation but from difficulties of Finance not fully known here, should this continue I trust by degrees they will be forced to come into ideas more consonant to the interest of this Country.
