I cannot return the Warrants I have signed without  
accompanying them a Line to express the pleasure at  
finding Ld. North is recovered from his late indisposition.

On the receipt of the capture of Ld. North sent me some  
days ago a letter from Mr. Percy, I conferred the  
Carabinieri or Sir John Innes; Colonel Medow is  
knows are well known to me that he cannot  
fail of meeting with marks of my approbation  
when suitable occasions offer, I am sorry the  
expectations of Mr. Percy are of such Magnitude  
as I do not see without great injustice to them  
how I can ever comply with them.
