

Lord Moira to Col. MacMahon

Birmingham, April 4th

My Dear Colonel

Since my return I have
I have not had any political information whatsoever from London. In-
-equally, however, distance affords the
means of obtaining intelligence which
is not to be had directly. Therefore
I apprise you that an arrangement

is far advanced for bringing in Pitt
again to the head of affairs. Possibly
the Prince has been informed of this. If
that be not the case, the collision of
London is very censurable.

Faithfully yours

Perce
