1005. 8th June. He gave notice of his intention
to move for papers for the purpose of impeaching

Lord W^m

¹² 25. He made his first motion for papers

His present Letter contains the following

Assertions.

1
Of The Prince's knowledge of M^r. Paul
and those marks of Condescension and
kindness, I am entirely unacquainted.

1st That before his last departure for
India, he had been honoured with very
particular marks of The Prince's condescen-
sion and kindness.

2

Completely unknown to me.

2^d That all his intentions with regard
to Lord W^m were fully and freely commu-
nicated to The Prince before he came
into Parliament, that is, before June
1005.

3.

When M^r. Paul saw The Prince at
Carlton House, soon after the prorogation, made,
it was for the purpose of his being presented

3^d That after these motions were
made, The Prince had made certain
Declarations to him, in the presence of

to H. R. H. and the conversation he has Coll. Mr. Mahon and Mr. Day; warmly
stated to have pass'd on that occasion, approving his Conduct.
not in any the most distant degree within
my recollection; nor is it that he ever had
an Audience of The Prince either before
or since.

4
4th That on the 24th of September, he was
About that Time I told Mr. Paul as assured by Coll. Mr. Mahon that The Prince
private and confidential communication, had put down his Name for a favoured
that The Prince had set his Name down Borough, in case of a Dissolution.
on a list for a favoured Seat - that is, for
an annual Sum, as a Prop. one he inform'd
me would be inconvenient for him to pay
down.

5
5th That on the 27th of January 1806. Col.
I sent about this Time, to request to speak Mr. Mahon told him it was The Prince
to Mr. Paul at Carlton house, but with wish that he should give up all further
no intention of his seeing The Prince, proceedings against Lord Wellesley.
& I then told him as a matter of secrecy
and confidence that it would be, I had
no doubt pleasing to H. R. H., that he
ceas'd further measures ag^t L^d W^m whom
I know The Prince thought highly of,
and I recommended him so to do, in
prudence to himself.

6th That on the 24th of August last,
he wrote to Coll. M. reminding him of

6
He wrote me a letter for The P. of W^m all the Terms and circumstances of

inspection, but to which no answer was the promise about a Seat.
 returned further than to tell him, The Prince
 had been so hurried before his departure
 for the North that I had had no opportu-
 nity of laying his letter before him.

7. ^{lyth} That having received no answer
 I returned him his letter and considered to this letter he wrote again to Col^d. M.
 every thing with him as then at an end. requesting that his application might
 be withdrawn.
