

Thomas Tyrwhitt to Col. McKean

Weymouth.

Nov: 5. 1806.

My dear Sir,

By this time perhaps our
Triumph is known in Town - I have
a most decided Majority against
Mr Wilkin Elford, the numbers being ^{for my side}
130, & 53 - The Petition by the Freeholders
we have nothing to fear from - there
is a solemn Decision under the
Forewille Bill against them, backed
by a subsequent Act of Parliament -
rest assured it will be termed
frivolous & vexatious -

In thousands thanks for your Letter
Lubbock whist. I am certain will
produce the desired Effect - indeed

Haris himself their correspondent
here, has kindly offered his assistance
but I deem it indecible till I have
a proper authority.

All is quiet again here - and this
morning the whole of the opposite
Party have left their cards with

me - very faithfully yours

Chas. Stewart.
