

Ld. North

Jan. 22 1781

4082

Lord North has the honour of informing
his Majesty that the Lords of the Cabinet
assembled here are of opinion that an
alteration should be made in the Message
to be presented to the House of Commons
tomorrow. viz. Instead of The Spirit
of their ancient Treaties They wish to
insert The Terms of their engagements.

Lord North is extremely sorry to trouble
his Majesty again upon the subject.

but he hopes that the Messengers will
arrive at Windsor at a time when it
will not be inconvenient to his Majesty
to sign the message. Lord North would
send the former message to be cancelled,
but it was sent to Lord North's in
Street, & he has the honour of writing to his
Majesty from Lord Stormont's office in
Cleveland Row.
