May it Please Your Royal Highness

Nothing but the extreme distress I
labour under for money to preserve my Credit
could or would have urged me to this repetition
of my Application for the Amount of my Account
which has been delivered in parts Three years
since & repeated by me most Reluctantly very
lately - The very heavy & severe Loss I lately
sustained, will, unless Your Royal Highness
condescends to Command the liquidation of
my Claim involve me & my Family in
the severest difficulties - Conscious that I
exercised my best judgment in the execution
of the Trust Your Royal Highness honoured
me with, I hope & trust I have not forfeited

11012

Conscious many of the Items are now
become almost inestimable and were with
every attention of Duty purchased by me.

With profound respect I beg to submit
Myself Your Royal Highness's

Most Obliged & Dutifulle Servant

26. Decr: 1807
