Windsor June 12. 1781.

The Bill for Directing the Treasurers and Paymasters
to pay their Balances into the Exchequer I see by Lord North's
note went Yesterday through the Committee; I was
glad to see Ld. Mahon move an Amendment
and tried a Division as the Majority against it was
so very great.

I return the Intelligence Ld. North sent at the same
time and that he has committed on Friday.
