

Lord North

Sep. 17 1741

4315

Lord North has the honour of informing
his Majesty, That while he was in
Warwickshire he received from Lord
Chesterfield a most pressing letter desiring
him to apply to his Majesty That
Lauvelt may be created a Baronet before
a journey which he is to take into
Ireland towards the end of next month.
Lord Chesterfield applied some time ago
to obtain a Baronetage for
Lauvelt, whom he represents to be a

gentleman of considerable fortune both
in Buckinghamshire & Ireland; He adds
that Mr. Lovett will, probably, soon be
a Member of the British House of
Commons, & that he will answer for his
attachment to the cause of Government.
