I feel very sensibly your Majesty's Good:
ness & Confidence in communicating the In:
closed Papers to me; I have heard from
Mr. Robinson that Lord North, though de:
termined to go on, is in very low Spirits
as he always is at this Season of the
Year, when the Time for opening the Bud:
get approaches; This Mr. Robinson told
me yesterday; in a letter I have received
from him this morning, he tells me, that
Lord North has written a very long &
friendly Letter to Lord George Sutherland
desiring to see him. I think it probable
that this Bargain may end amicably,
if the Arrival of the Advocate in Town
today

today does not stir up something new

I was glad to find today
that your Majesty was so much better.

Not having seen your Majesty
for some time I have not had it in
my power to make the Speaker's Apology
to your Majesty, as he desired me,
for not paying his Duty to your Majesty
in the Queen on Friday; he had ^{had} a
Dist of the Gout, & he was fearful that
if he had ventured out on that day, he
might have been laid up, & not able to
attend the House of Commons.

From Your Majesty.
