Lord George Creamer

Lord George Creamer has the honor of  
acknowledging your Majesty that he has  
this moment received a note from Lord  
Cornwallis dated from Cambridge, and Lord  
George has appointed to see his Lordship  
to morrow at eleven o'clock.

Lord George has at last had a full conver-  
-sation with Lord Cornwallis, what the result  
of his Lordships opinion will be your  
Majesty may by this time know, all  
that Lord George desired, was, that he

might be made acquainted with your  
 Majesty's intentions as soon as possible,  
 as he thought it would be highly  
 expedient before any matter was  
 agitated in Parliament that the change  
 of office should take place, if the  
 seals were to be put in other hands.  
 Lord George can only repeat his most  
 earnest and sincere wish that whatever  
 may be resolved upon may tend to your  
 Majesty's honour and service, the great
