Lord Rockingham humbly acquaints
Your Majesty, that the Earl of
Scarborough, lately appointed one of
the Vice Treasurers of Ireland, died
last night. His Family, Lord
Rockingham fears, are left in very
distressful circumstances, & that the
natural source of Bounty & Affection
towards them in Sir George Savile,
has in these Times already brought
difficulties upon him, & may prevent
his being able to assist them to

I am sorry to find the Earl of Scarborough died last night, I shall certainly be open to any suggestion Mr. Rockingham may be inclined to make in favour of his family, who I believe are left but scantily.

I shall certainly suspend any determination as to the Successor to Ld. Scarborough till I have seen Mr. Rockingham; but should think the removal of Mr. Cha^s Spencer by the suppression of his Employment and his family gives him a better pretension than his younger Brother

The extent of what may be necessary.
Lord Rockingham hopes to be able to pay
his duty in attending your Majesty on
Wednesday, & will have obtained the
best information he can, in order
to lay the full state before your Majesty's
Royal mind.

Lord Rockingham humbly suggests to
your Majesty that the office of one of the
Vice Treasurers of Ireland now vacant, would
be highly acceptable to Lord Robt Spence,
there are also other & well deserving candidates,
but in the present moment, Lord Rockingham
humbly requests that your Majesty would
be graciously pleased to suspend your determination
till after Wednesday.
