My dear Aunt,

I have this day receiv'd a command from their Majesties desiring the dear Child to be at the Queens Anne Terrace by twelve o'clock at the latest, as they understood that it was your wish she should go again out of Town before it was dark; I therefore desire that she may be at the same by half past eleven previous to her going to the Queens Anne, in order that I may have the pleasure of seeing her.

Yours sincerely
 George C.
