49478

Copy

The Prince of Wales requests the Lord Chancellor to lay before the King the dutiful & most respectful acknowledgements of the Prince for His Majesty's condescension in reconsidering an article in the proposed arrangement.

The footing upon which the business is now placed will, the Prince of Wales most earnestly hopes & trusts remove any further difficulty in carrying into execution the Plan as detailed in the Paper transmitted by His Majesty.

The Prince of Wales has nothing to add but the renewed assurances of his Devotion to the King, & of the happiness he must ever feel when he has the good fortune to have it in his power to do anything that is pleasing to His Majesty.
