Friend Parents

I have had a long conversation
with Mr Henry & I am delighted
to hear all he tells me —
I am I think much well
disposed of & great upon Miss
Knight being about Charlotte
(though I said the other day
she would be of more use
not attached to her) but
I find from our friend
Mr Henry Miss Knight
would like to assist the
D^o of Leeds from real
affairs for Charlotte &
as Charlotte has such
an opinion of Miss Knight

2 Miss Knight so will
acquainted with our
House Charlotte will
receive her with open
Arms & gratitude —
Of course we must not
tell the Queen Miss
Knight would be a
situation about Charlotte
in preference to remain
ing about the Queen
that would never do
but as for Henry in
his conversation with the
I has brought her
to promise not to

object should you propose
such an arrangement
For God sake do when you
come down to Rome
& before you introduce
the D^s - urge it to the
Queen with all your
powers of persuasion
as the greatest favour
She can possibly do
you (when self is in
question we know
by experience it is
difficult to gain
Her) She will make
Ten thousand objections

as to Frank's health &c &c
but you may continue
to arrange the fund
by taking on the the the
name & Sir Henry
will undertake the
rest — In short I am
in very good heart today
from Charlotte's message
yesterday & from all
Sir Henry tells me
about her today —
This is quite good news
alone & I have only
to say God bless you
yours truly
