Duchess of Württemberg

51492-3

Sir

Your Majesty's constant kindness
is too deeply impressed on my Heart to find
words which can sufficiently express the gratitude
I feel at your being so gracious when your
time is taken up with so much important
business to bestow a thought on me. How
little could I expect that I should have
the Joy of receiving a Letter, indeed I was
overcome with this proof of Your Majesty's
goodness and I think it would have given
You pleasure to see my happiness.

The Gazette of the 26th of June is
just come and by its contents I trust

that I shall soon be able to congratulate
Your Majesty on Peace and quiet being
again established in poor deluded Ireland.

It makes me shudder when I reflect how
nearly they might have executed their vile
Plans, if Providence had not protected us:
and allowed their Conspiracy to be annihilated.
I offer up my most hearty prayers to
God that he may ever equally protect
Your Majesty and our dear Country.

By this time I hope that you have
received my Letter in which I mentioned
to Your Majesty a little change in our
measures and my taking at Louisabourg
the Schwalbach Waters and also bathing.

These mineral Waters agree perfectly
with me and I am quite well now.

withstanding our cold weather which I fear
if it continues must hurt our Harvest, till
now every thing is in a promising state
which would be a particular mercy as
every necessary has been very dear for the
last three or four Years and prices are
beginning to lower.

The Duke begs that I will present his
humble duty to Your Majesty. I hear from
him every day, he complains much of the
pain in his Arm, and still more at his
being parted from his Family. The
Children are very constant Companions
and I have the pleasure to see that they
are all anxious to be with me. Indeed
in the present times it is doubly requisite
for families to be united, as the happiness

one meets with at home can alone make
one a little forget the sad state of the world

I must now take leave of Your Majesty
and have the honour to be with the greatest
respect
