

H. H. to Lord Grantham

5158

Lucas House Jan. 21. 1783. ^{on 1.3.83}

As M. de Ray's intelligence is only from a private
Channel, he could not with propriety officially announce the
intention of signing the Preliminaries on Saturday last; but I
think this quite sufficient for me to thank Lord Grantham
for his communication of so important an event.
