

Note from the King
22 Febry 1703.

Duplicate of back of last.

I cannot help on coming home and receiving M^r Sec^r Fowles head
note with the list of Speakers and the Numbers of the Division
this Morning, just to express that I am sorry it has been ^{my} let to
Rise in the most profane ^{and} when the most unnatural
coalition seems to have taken place which can but add
confusion and distraction among a too much divided
Nation.
