Herrnhafen: ¹⁴ July 27th 1720. n.p.

Sir,

I have acquainted the Person whose
Money is committed to your Care, with
the Contents of your Letter of 4th 18th Aug.
o. s. He is very well satisfy'd with the
Manner you have plac'd it; but doth
not know what makes you ask any
further Orders, since the whole has been
left to your own Judgement, to sell and
buy as you would think it the most
profitable and convenient; for it can not
be pretended, that at such a Distance
as we are, a good and positive Resolu-
tion could be taken in the right time;
since those Matters are every Moment

subject to great Alterations. And therefore I am to tell you, that if the best Occasion is miss'd; You will be pleas'd to make use of those that shall offer themselves for the future, without expecting any new Advices.

I and my two Nieces give you many Thanks for what you have been pleas'd to subscribe and pay on our account at the third Subscription. If we had been present in England, we would not have fail'd to let them out, when they were at such an advantageous Price; and I wish you had been so kind as to do it for us, the more when you judg'd

and saw that they was, not to rise, but
 rather to fall as they have done. I
 am sorry, our absence made us miss
 that good opportunity; and I hope you
 will be so kind as to take a little care
 of our Interest, if it is not too great
 a Disturbance in your other Affairs. We
 left and leave still to you, the entire Ma-
 nagement of what you have procured
 us in those Subscriptions.
 I present my Compliment to your Lady,
