Sir,

I had propos'd myself the honor of coming to the Queens House this morning, to have Congratulated your Majesty in person upon the great Event of *Plustatia* being ceded to your Arms; an Event that cannot fail of the greatest and best consequence to this Country. This ^{weather} makes me fear to leave me room; I hope for your indulgence upon that Account.

I have the honor to Remain
Your Majesty Dutifull Subject
J^r Brother

William Henry.
