My Dear Sir,

I am quite ashamed you should have so much trouble about me; if you will be so good, as to propose to the D. of Cumberland to come this evening about ten, when we return from the Queens House, I believe it would be every way the best time. Your goodness to me, is so great that I shall never enough ^{know} ~~know~~ how to shew you how much I am sincerely devoted to you, and ever shall be

Your most affectionate &
humble servant,

and Uncle
