Nov. 14 1747 Seaforth election 5 a clock.
of Halifax Nov. 10 + 24

Dr Lee I am to let the C^t designs to
enob Monday th' Election, pray settle
some Questions about it, and in particu-
lar to get rid of Sloper, who is very peevish,
and is very guilty on the Bury account.
If th' Election could be made void
is best, the next best would be, to
get rid of one. Be so good to send for
Stenly, and Potter and Martin, and Babbey
to shew it 'em, and instruct 'em accordingly
by, Pitt is out of Town, Nugent You'll be
so good to shew it also, I think we
may make a good figure that day.
I hope to see You to morrow. Good bye.
J.P.
