

Sir,

Tho' I am much out of order I will lay  
 your letter before Her Royal Highness who I am  
 sure will approve of all which has passed. I knew  
 that P.G. would soon be created Prince of Wales, &  
 I believe I told you yesterday that I had been asked  
 if the young Prince knew it, to which I had replied  
 he would know it soon enough, & that I thought it  
 improper to fill a Childs head with smoke & vanity.  
 I hope Sir that the King will approve of your  
 being His Grace of Newcastle often for I own I have  
 much at heart to see you at the head of the economy  
 of Her Royal Highness Family. My dutiful attach-  
 -ment makes me greatly wish this. I think the affair of  
 the Childrens remaining with W.H. may be looked  
 upon now as good as settled, when I have the honour  
 to see you I shall be more particular. I am with respects

2d of April 1751

Sir  
 your most obedient  
 & most humble servant  
 James Oglethorpe
