H.P.

As M<sup>rs</sup> Holt is Dead and has left me her will,  
I should be very much obliged to you to give me your  
advice, what to do, her Son had disoblged her  
and for that reason she was desirous that what  
she left her Grand Daughter should be so securid  
that the Father could not wrong her of it. I have  
her Keys and remain Sir George Lee
