

Sir

I herewith send you the abstracts from the Creditors for the year 1756, and am pleas'd to see that they are less than the former year, which I fear'd could not be done, by ^{reasons} of the more expensive Suppers.

M^r. Fallofield call'd on me to shew the Butchers alteration for a new Contract, some of the perticulars (I thought) were unreasonable and alter'd them to what I believ'd was right.

The Princesses service is good, & doubl'd to that of the Prince of Waleses; therefore wants no addition to be given to the Travelling Charges.

I hope the inclosed Account, & all other transactions of mine will gain your approbation, which will be highly agreeable to

Sir
