My dear Mother

I have a very good
account to give of Florida she
has been very & we have
read some & find her very
help with them she expects
I think to give my much
pleasure instead of my
love - She says is quite
good - Yours

WATERLOO

My dear Brother

I am quite anxious to
 hear how you get to some
 & hope in God quite safe &
 without taking any
 cold - I shall be glad all
 and every water you
 please with the programme
 nothing could be done
 generally there all the
 business of the Province and
 in taking care of the
 Province - The business desired
 me to tell the Province
 that of the old best
 come up to some time

he left England he & I should
come down to London
to pay his duty & take
leave & I should come then
I would make a point
to come up & see them
all - He & I should
I would tell you this
as she says she has
much matter come
up there you there
all the trouble to
come to I suppose
again & she leaves
the arrangement to you

To make - as is best known
to you only - God bless you

My dear Brother

Nothing continues
quiet - I have as nearly quite
well - and have today over
the whole had passed a
tolerable day though
I be now obliged to see
Dumoulin which
fatigued me dreadfully
The Queen went tonight
approves of the Queen
more heavy but off
until Thursday the
30 but hopes you will

take care to have it
well explained why it
is put off that his very
construction may be put
upon it, the real fact
ought to be stated in
the Gazette first - You
may be assured and
I lay to Portsmouth
with the three Enclosures -

Yours truly
12 W. Pitt

I hope to God all this
hurry & fatigue may
not make you ill -
Love -
