great deal of fear last night

My dear Mr. Button

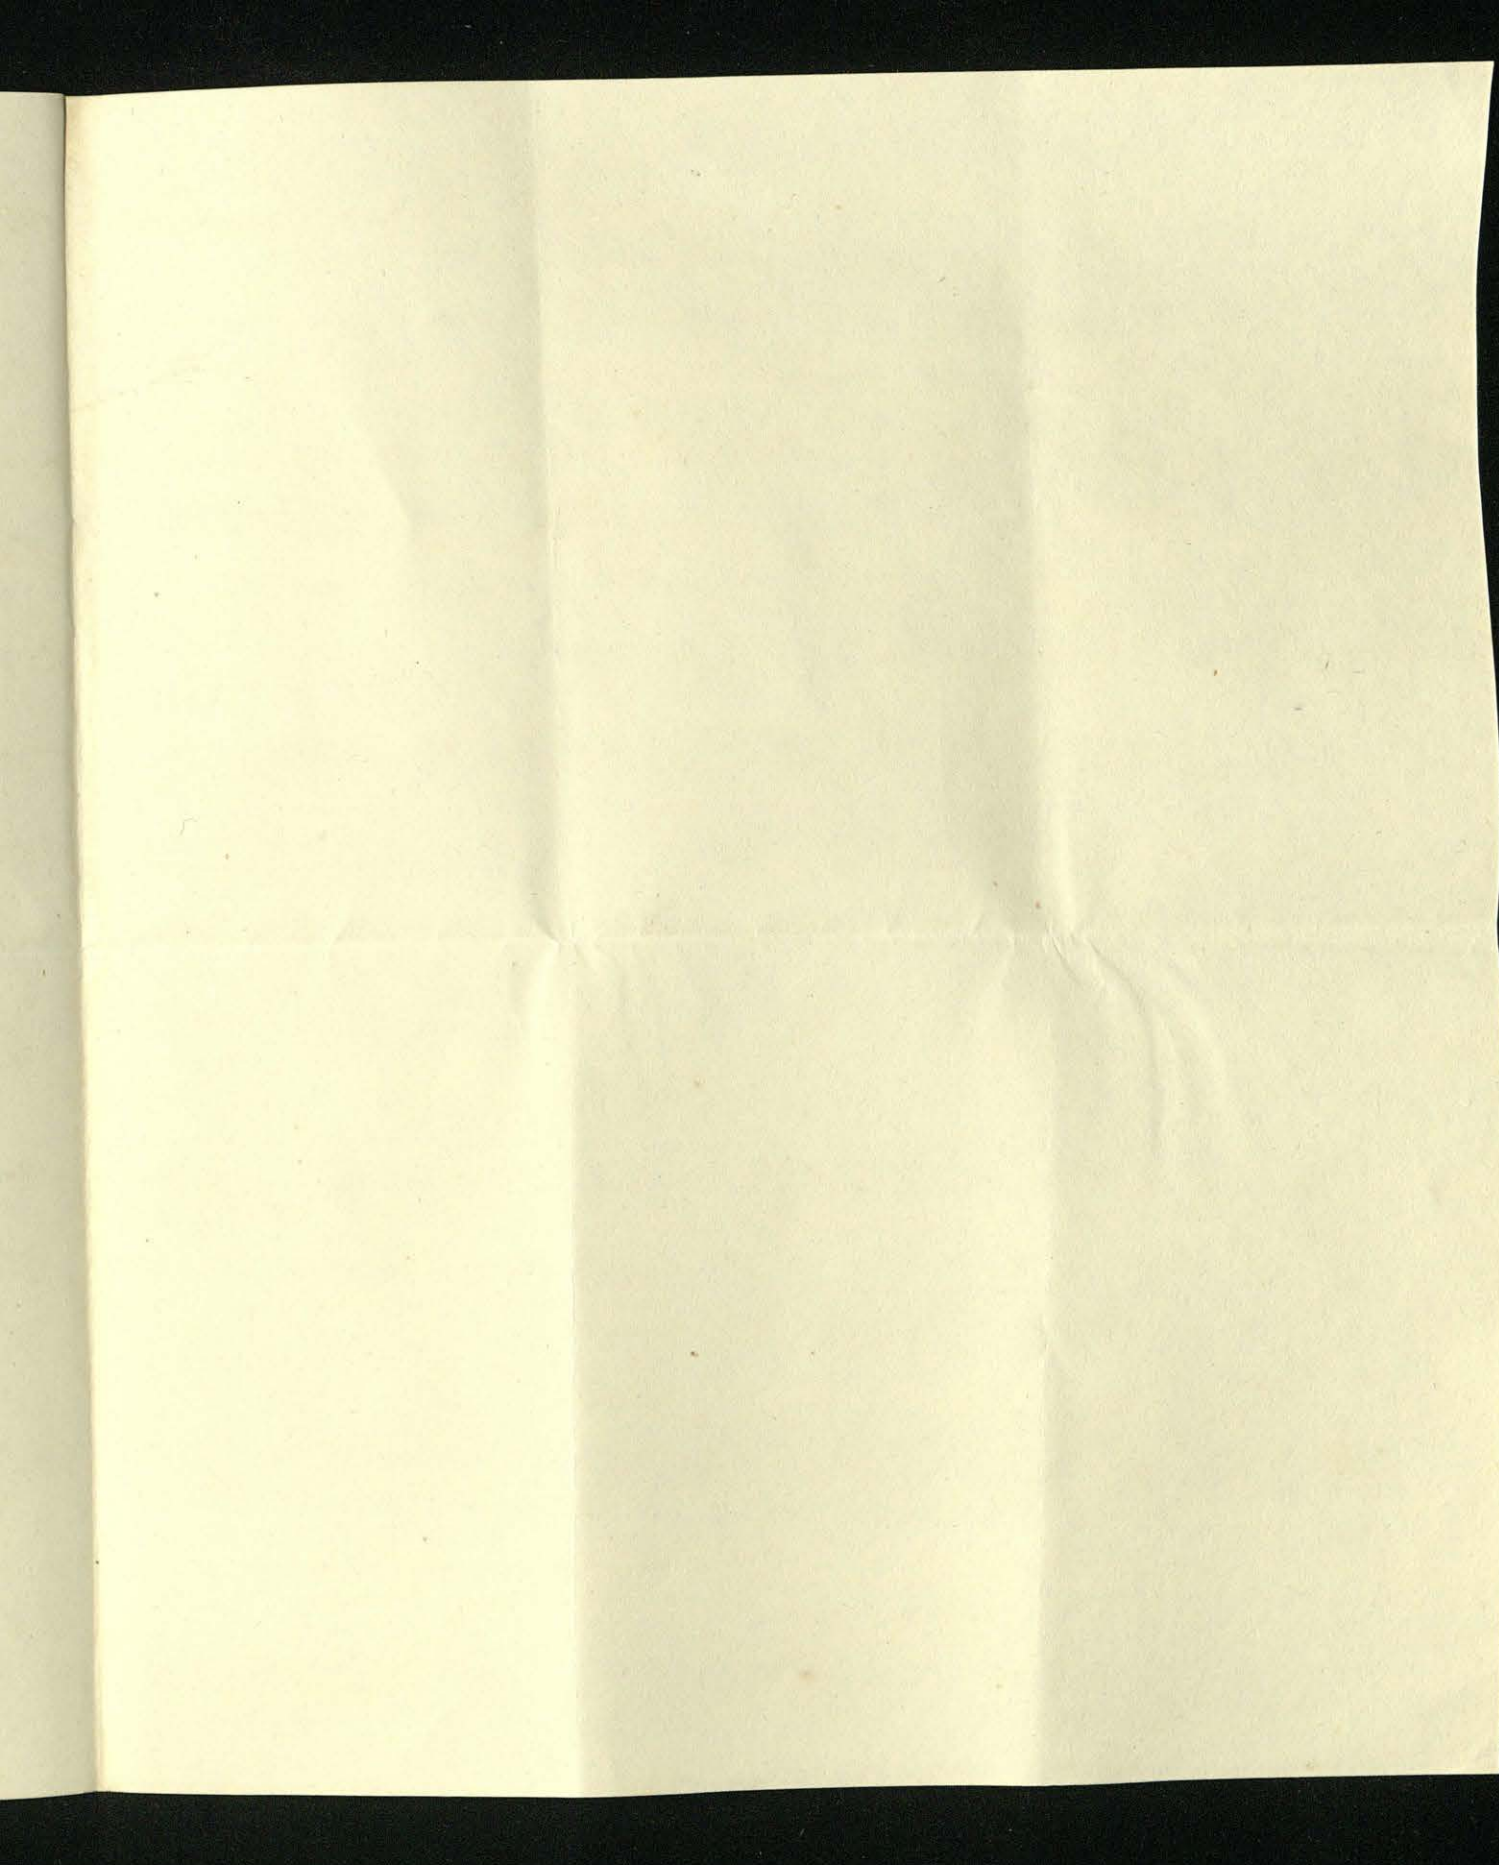

It is impossible to say how much I am concerned to find you have been ill & am still in so suppurative a state, but I hope in God by Mr. Perry's last letter just received, to conjecture that you are beginning to be better - I don't mean about I to tell I have again I hope you really do deserve Mr Perry & do what he desires I would give the world to fly up & see you Mr Perry will tell you that I am a former good quack - Mr Perry has been up with me then yesterday and has told me I hope is less ill than last two days

My dear Brother I am much
more satisfied with the accounts
Fucking has sent us this evening
& I hope in God the worst
part of this attack is over
& that your recovery will be
as rapid as the change was
sudden - Fucking has passed a
very good comfortable day
and does so fully certainly
but more I should almost
hope I might say rather
some comfortable than
she has been of late

My dear Mother

The King has passed a
very good day & night but a
very so so one. I have been thinking
do not think her more
than last night - I was delighted
to hear the Queen say she
should go up next Monday
to see you, it is impossible
to express what delighted
& pleased that will give
me joy.

My dearest Brother

The Queen is certainly
most deeply penetrated at your
kindness & attention in sending
Irish linen to day as well
as for Henry's shawl & intended
sending to you hands to
Acorn - When the whole
I may say she is quite as
well as I could expect entirely
very much affected with
the death of her Brother
but greatly relieved by
tears & talked as great deal
of her which I am
very glad of - The King

is quiet - and I sleep & sleep out
at all times - Yours

My dear Brother
The Queen has been
unable to attend to her
reading over all the letters
she received from her own
family and some that
were the King's when
I must read over with the
account of her Brother's death
and what with these matters
to give ~~her~~ completely
over come her, but this
evening she is more
composed & I hope will
get some sleep. —
The King

is great - I have been so long
in my confinement & stay
