very comfortable day - I
had my friends here today and
had a most pleasant afternoon
after having

My dear Mother

I hope I may say that
your reply is rather less ill to day
than yesterday. Dr Buller said
she had some fever, but as for
the whole I am inclined to
hope she passed a less
suffering day to herself, however
I hope Dr Kemp will come
to Inverness tonight as I really
don't think she is in a state
to be left in till Wednesday
without the assistance of
a doctor - Dr Kemp is quiet
I have had a letter from
William dated the 16

in a great fuss as her ship was
come for her & he is afraid
you have forgot her as
he has been at the Hague
since the 6 of March expecting
every day to hear of the
arrival of a Frigate - He
tells me the Gentle has
been at the Hague some days
the account he gives of her
is that she is decidedly a
Blue looking but does not
show it, her manners are perfect
& her figure elegant, her face
truly Ruffian & he thinks
she will please in England
God bless you
