My Dear Mr. Adams -

I am going to note the greatest of favours
of you, which is that you will take a proper oppor-
tunity of asking Brady whether I might have any
one little box belonging to Juridica Carolina either
the writing box or the Red leather box - & any one
book which he has read in much during the ill-
ness - I cannot help asking this for I had rather
have a book than any thing - I am sure it will
you think it quite right -

Yours very Affly
Augusta
