Edward is just upon the Wing my Dearst B. but I need
not let them go without sending you two other lines to recall
your faithful Auguste to your kind recollections Heart love
He has a good account to give you for all except Amelia which
except a bad cold but she looks very well and says it is nothing -
I believe a thousand love to you -

I cannot tell you how long we remain here - but Wednesday
is again to Winden to ascertain whether we may venture that
week or not - We have much delight full rides and drive here that
I shall be almost sorry to go through I am much better led at
Winden -

I am very anxious about poor Royal - if there are cannot
have any thing for certain -

God bless you my Dearst Brother

Love your most truly & faithfully devoted

Auguste
